DETAILED ACTION

Response to Amendment

1. Applicant's explanation of the instant invention in pointing the difference with the cited prior art was found to be persuasive.

Allowable Subject Matter

2. Claims 1 – 4 and 6 – 25 are now allowed.
3. The following is an examiner's statement of reasons for allowance:

Claims 1 – 4 and 6 – 14 recite, inter alia, a method of forming tensile strained silicon layer on a relaxed alloy layer on a semiconductor substrate without the use of a seed layer comprising the step of growing a graded first semiconductor alloy layer directly on the semiconductor substrate, wherein the content of Ge of the graded first semiconductor alloy layer is decreased as the growth of said graded semiconductor alloy layer progresses. The art of record does not disclose or anticipate the above limitation in combination with other claim elements nor would it be obvious to modify the art of record so as to form a device including the above limitation.

Claims 15 – 25 recite, inter alia, a method of forming tensile strained silicon layer on a relaxed Si – Ge layer on a semiconductor substrate without the use of a seed layer comprising the step of growing a graded first semiconductor alloy Si – Ge layer directly on the semiconductor substrate, wherein the content of Ge of the graded first semiconductor alloy layer is decreased as the growth of said graded semiconductor alloy layer progresses. The art of record does not disclose or anticipate the above limitation in combination with other claim elements nor would it be obvious to modify the

art of record so as to form a device including the above limitation.

Conclusion

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
